## EDUCATION

**Uttaranchal University**                                                                              **Dehradun, Uttarakhand**
*B. Tech - Computer Science*                                                                  *Expected Graduation, May 2025*
**CGPA:** 8.23

## PROFILE SUMMARY

Motivated and detail-oriented software engineering graduate with a solid foundation in computer science principles and hands-on experience in web and software development. Proficient in programming languages such as C++, Python, and JavaScript, and experienced with frameworks like React.js. Demonstrated ability to quickly learn and apply new technologies, with strong problem-solving and teamwork skills. Eager to contribute to innovative projects and develop high-quality software solutions.

## PROJECTS

**Personal Portfolio**                                                                                              **July 2024**
**Tools: HTML, CSS, JavaScript**
Developed a responsive portfolio website to professionally showcase personal information, skills, projects, and contact details. The website is designed to be user-friendly and accessible across various devices and screen sizes.
**Responsibilities:**

- Created a custom media query framework that adjusted design elements based on device specifications, resulting in user satisfaction.
- Deployed the website to a web hosting service and maintained its performance and updates.

**TextUtils**                                                                                                        **June 2024**
**Tools: React.js**
Developed a versatile text manipulation utility designed to count words and characters, perform various text transformations, and facilitate easy copying of manipulated text.
**Responsibilities:**

- Developed the front-end using React, ensuring a responsive design that works seamlessly across desktops, tablets, and mobile devices.
- Implemented real-time word and character counting functionality.

## ACADEMIC ACHEIVEMENTS

- Successfully solved 100+ LeetCode problems, showcasing strong analytical skills and the ability to optimize algorithms for efficiency
- Earned LeetCode 50 Days Badge 2024 by maintaining a consistent problem-solving streak, demonstrating dedication, persistence, and a strong commitment to improving algorithmic and coding skills
- Earned a certificate from Coding Ninjas in Basics of C++, demonstrating proficiency in Introduction to C++, Variable and data types, Input/Output in C++
- Earned a certificate of TCS iON Career Edge – Young Professionals from TCS iON
- Earned a certificate for 6 weeks certification course on Computer Networking & Web Development by Brillica Services
- Earned a certificate for Crash Course on Python by Google

## SKILLS

**Programming:** C, C++, Java, Python, HTML, CSS, JavaScript, DBMS, MySQL, React.js
**Tools:** IntelliJ, PyCharm, Eclipse, Git, GitHub, Bootstrap, VS Code
**Soft Skills:** Interpersonal Communication, Problem Solving, Teamwork, Adaptability
